

# 2019-2020 Season Dance Class Schedule

## Ballet Examination Program

All of our ballet examination classes follow the Society of Russian Ballet (SRB) Vaganova-based syllabus and are taught by SRB certified instructors. Exam classes are designed to challenge dancers to reach their full potential through yearly examinations. Students wishing to participate in the exam stream must first be assessed or invited by a ballet instructor, and will be required to attend a minimum of 90% of their classes. Students will also be required to pay their examination fee (ranges from \$75-\$250, depending on level), as well as attend their mock & actual examination date. Please note: for all exam level classes, completion of exam is decided by ballet director Miss Katherine by Dec. 15th. Enrolling in an exam level class does not mean completion of exam is guaranteed.

At On Stage, we present 2 separate performances (morning & afternoon) for each recital. Classes marked with a (\*) will perform in one show, and those with no marking will perform in another. If you want to guarantee you will only need to be present for one performance per day, be sure to keep this in mind when choosing classes for your child(ren)! IDP & Exam level classes should plan on being in both shows.
